

Greetings:

It is with great pleasure that we present to you our new discipleship series called Spiritual Elements Essential for Discipleship, which we refer to as S.E.E.D. It is designed to help churches to move people from Membership to Discipleship. In my years of pastoring, I discovered that though our churches are populated with many people who mean well and have good intentions, they are not always at what it means to come to Christian maturity. S.E.E.D. is designed to find people at the place they may be in their walks of life and help them to be at the place where God intends for them to be.

The series is actually a ten-part series, with a total of eighty sessions for five different age groups. Each session focuses on a particular issue which is important in strengthening a person's Christian walk. An instructor will aid in the understanding of each session. The sessions are designed to be honest, down-to-earth, and practical. They are designed to be easy-to-read and to understand. They are designed to help people to mature in their faith.

We are excited about the intent of the series. We believe you will be too. Begin using the series as your Bible sturb classes, or as an additional Sunday school class. See how the series will bless the person, bless the church, and glorify God.
