

Challenging the Leader

LESSON

5

Preschool • Ages 3-4

March 29, 2020

Lesson Scripture:

Malachi 3:1-4, 6-12

Key Verse:

"I the LORD do not change. So you, the descendants of Jacob, are not destroyed." (Malachi 3:6)

Challenging the Leader

(Malachi 3:1-4, 6-12)

The prophet Malachi told the people that God would send messengers to help them. These messengers would be leaders. They would teach the people how to bring the right kinds of offerings to God.

God does not change, but people do. Instead of giving to God, they take things away from Him. People will be punished for doing this.

Malachi explained that when people give to God, He will give much more back to them. God will save and protect those who honor Him.

When others see good and faithful people of God, they will be called happy people.

For the Parents

Dear Parents/Guardians,

Today, your child heard about the importance of the leaders that God sent to help people understand the right way to give. Everything was given to us by God, and He asks only a portion back. When we give in the right way, God blesses us greatly. As you review this lesson with your child, explain tithing. Tell him or her that one dime out of every dollar belongs to God. Model giving an offering in church.

Your Child's Teacher

I love to
give to God!

Giving to God

To give a *tithe* is to give some (one-tenth) of your money to God. God likes it when we give Him a tithe. There are ten coins on this page. The coins are dimes. Count the coins and then choose only one coin to color. That will be a tithe to God.
